--	----------	----------

\*All rates are weekly. You will be charged on the Friday before the week of care. For example if care is for the week of 9/7-9/11/26, you will be charged on Friday, 9/4/26. The rates above reflect the most you will be charged. If there is a school day off during a week, that week will be prorated. If there is no school for a week (i.e. 12/28/26-1/1/27) you will not be charged at all.

\*\*There is a 2-week notice required to reduce care or remove your child from program.

\*\*\*After your child is registered, you will be given a start date. This will be determined by the director of the program and will be dependant on recieving all of the necessary paperwork. You will always pay in full weeks regardless of what day you start or end. There will be no pro-rating by day.
